

# Vickery Holman Education

## Academy Bid Writing

## Vickery Holman offer independent and specialist services to Academies looking to obtain capital grant funding.

Our team of 12 Building Surveyors have built on continuing success in the recent Condition Improvement Fund bids.

- 1 million secured in funding across Cornwall and Devon
- Double the national bid success rate
- 25% increase in successful bids from the previous round
- Seventh consecutive successful round of capital funding

# Capital Funding Bids

We are proud to have supported schools through the experience of preparing funding bids since 2011. We have the ability to interpret client requirements and clearly present proposals concisely to the Education Funding Agency in language they understand.

In the most recent rounds, the requirement for technical information to make the case for funding applications increased markedly. Competition this year will again be high and we are here to help with any 'Project Need, Cost or Deliverability' information required for submission with your Bid.

**(Free design and bid submission)**

## Summary

Priority 2	Year 1-2 remedial action required
Priority 3	Year 3-5 remedial action required

## National Property Data Survey (PDS)

Does your school have an up to date PDS / Condition Survey? In some cases this condition information is now over two years out of date and doesn't represent the current condition of the school in the eyes of the DFE/EFA. If you would like to strengthen your school's case for funding or provide information for strategic planning contact Vickery Holman for a free quotation.
